Do you feel that cats should be allowed to go outside? Please explain. _____

What is your viewpoint on declawing cats? Please explain. _____

What are your views on spaying/neutering? If you do support it, for what animals? (Purebreds, Mixed breeds, Shelter animals, All animals, etc.)

This Shelter is one in which euthanasia (humane death) is performed for animals that are not placed. How do you feel about euthanasia in general?

Would you be able to work in an environment where euthanasia is performed on an almost daily basis? Would you be able to explain to someone surrendering an animal why this may be necessary for their animal?

Do you think the criteria for approving adoption applications should be more relaxed for animals that have been at the Shelter for a long time, or are harder to place?

Could you support your views on animal care to others of differing opinions, or do you tend keep your ideas to yourself? Why?

If we should offer you this position, what would your expectations be about this job? Why do you want to work at an animal Shelter? What do you hope to gain by working here?

Could you see yourself doing this same job in two years? In five years? Why or why not?
