Community Spay/Neuter Assistance Program

Spay/Neuter surgery is provided at a discount by partnering veterinary clinics as a service to the community. It is offered to pet owners of LOW INCOME--less than $60,000 per year--who have no other means to get their pet spayed/neutered.

- The voucher will expire three months from the date of purchase. A photo ID must be presented when checking in at the veterinary clinic for verification.
- The fee for the voucher is **non-refundable.** If a clinic appointment is missed and/or the clinic is not notified/rescheduled 24 hours prior to the appointment time, the voucher becomes void.
- Surgeries for dogs and cats over age 7 years may require additional fees as determined by the vet hospital. These fees are paid to the clinic on the day of surgery.
- Bloodwork is required for animals aged 7 years and older for $50, paid to the vet hospital. A separate appointment may be required for these animals prior to the surgery date to collect a blood sample. Pet owners pay any requisite office visit fee to the clinic for this appointment.
- This special community program surgery fee includes:
  - Fluids during surgery (except for cat neuters)
  - Monitoring during surgery
  - Pain medication to go home
  - An e-collar if needed (as determined by the participating vet hospital)
  - Pre-surgery exam on the day of surgery
- The special community program surgery fee does NOT include:
  - Vaccinations
  - Microchipping
  - Other medications, such as antibiotics
  - Overnight fees if required
  - Additional care for surgeries that are complicated by conditions such as pregnancy, obesity, cryptorchidism, etc.
  - If the veterinarian determines that any of these issues apply, you will be responsible for any additional fees.
- Required vaccinations:
  - Dogs: Rabies and distemper
  - Cats: Rabies and FVRCP

Community Spay/Neuter Assistance Program

Participating Veterinarians
*There are a limited number of vouchers for each veterinarian
