

# What should my pet wear for Halloween?

## Go all in!

Your pet seems pretty chill and ready to please, so maybe he'd like a full costume. Whether he's a king, a bee or Batdog himself, the most important thing is that he feels safe and is having fun!

## Something pretty!

Your pet may not need a full costume, but she might like a little something to get her in the mood, like her own unicorn horn, a stylish cape or just something bright to show off her style.

## Who needs a costume?

Your pet is already FAB-U-LOUS; who needs a costume go get in the way. Let him show off his natural style, and maybe consider a fun themed toy to get into the seasonal spirit!
